ANNUAL PRE-TREATMENT INSPECTION REPORT

- Per Wisconsin Admin Code, SPS 383, the owner of a pre-treatment devise is responsible for ensuring its proper operation. The maintenance program requires all pre-treatment devices be inspected annually by a certified pre-treatment inspector and the entire system be inspected once every three years by a licensed master plumber, a certified POWTS inspector, a certified septage servicing operator or a registered POWTS maintainer.
- SPS 383.55 Requires the owner of a POWTS to report to the governmental unit at the completion of each inspection, evaluation, maintenance or servicing event.
- Non-Compliance with this program shall be considered a human health hazard and will result in a citation.
